The Golden Years

Live, Laugh, Let Go... It's your time!

Brenda Turino brings awareness to GTA seniors that the Golden Years are the perfect time to make the most out of life. And it is also the time to prepare before those years lose their luster.

Brenda offers a wonderful presentation called "The Golden Years". She invites her audience to explore what's important to them for the rest of their lives. Then she shares how her services can be a wonderful part of their lives by providing some practical personal support that will make their Golden Years more enjoyable.

Brenda would love to speak at your local seniors gatherings. Pass on her name to the director and look forward to a high energy presentation.

Who's Brenda Turino

Brenda Turino is a woman on a mission to offer support to seniors who need it. She loves seniors and has watched her own parents go from strong independent, active people to needing help, support and services in their final days.

Brenda wants to offer herself as a support service to those active seniors that find themselves needing help.

In September 2007 she began developing the concept of offering a personal Bereavement Service for those who are in a state of shock and need help arranging and organizing the tasks associated with the funeral of a loved one.

Then she realized there were other ways she could be of help to GTA seniors. Throughout this brochure you will learn about all of the services Brenda offers through BrendaTurino.com
